

# MY TO DO LIST

NAME \_\_\_\_\_

Ok. To really prepare for college takes a lot more “to-do’s” than will fit on a brief list. Just think of this as your express list—a short list of the very basics that will keep you on track as you prepare for each next step.

- Submit your information to FAFSA.
- Visit the colleges you’re interested in. Get to know them, then narrow your list to a few.
- As you continue to make decisions update information in the FAFSA4caster.
- Start thinking of who you will ask to provide letters of recommendation.
- Register for and take the SAT and ACT.
- Submit college applications (don’t miss the deadlines!).
- Submit scholarship and grant applications (don’t miss the deadlines!).
- Meet with your counselor to ensure you’re on-track to meet graduation requirements.
- Work with your parents to submit your FAFSA.
- Wrap up submission of your scholarship applications.
